Completion

2007

Friendship Village is the largest continuing care retirement community in the state of Illinois, and the 15th largest in the United States. The facility focuses on providing continuing care to adults 62 and older. Friendship Village offers a variety of living options, such as residential living, assisted living, and skilled nursing.

The community has been in operation for over 30 years, with Bridgewater Place being the newest and largest building on the campus. At six levels, the post-tensioned concrete frame offers great views of the adjacent lake and other buildings. There are 170 private residences ranging from 1 to 2 bedrooms. Adjustable Forms also built the neighboring Friendship Center, which provides a variety of community offerings and services for residents.
