

Chicago, Illinois

The Pinnacle

21 E. Huron St.
Chicago, IL 60610

The Pinnacle is a 49-story condominium complex designed by Lucien LaGrange, located in Chicago's Cathedral District. The Gothic-style architecture blends into neighboring buildings, with high end amenities and features within.

The Pinnacle was one of two projects concurrently under construction for the Fordham Company, with the Pinnacle the most luxurious of the two. With ten foot ceilings and large windows, the building offers fantastic views of the city.

Client

The Fordham Company

General Contractor

AMEC Construction Management, Inc.
